Dear Mr. Moran:

Re: FIFRA 2(ee) Recommendation for the use of Cy-Kick CS (EPA Reg. No. 499-304) to control Mosquitos and Bed Bugs.

The Department of Environmental Conservation has approved your FIFRA 2(ee) recommendation for the use of **Cy-Kick CS (EPA Reg. No. 499-304) to control Mosquitos and Bed Bugs.**

Enclosed is the stamped "accepted" copy of the recommendation as it is to appear in the Cornell Pest Management Guidelines. If you have any questions regarding this letter please contact me at (518) 402-8768.

Sincerely,

Samuel J. Jackling

PRESCRIPTION TREATMENT® brand

CY-KICK® CS

Controlled Release Cyfluthrin

**The Following Recommendations are for Use and Distribution in the States Where CY-KICK CS is Currently Registered
EPA Registration Number 499-304**

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. The following recommendations are made to permit the application of this product to labeled sites for the purpose of killing and controlling mosquitoes and bed bugs in accordance with FIFRA Section 2(ee)(2), which permits the use of pesticide products for the control of pests not specifically cited on the label

Kills: Bed bugs and Mosquitoes

Indoor Treatments:

BED BUGS: Allow treated articles to dry thoroughly before use. Take bed apart. Treat joints and channels if hollow, such as square or round tubing. See that the interior framework is treated. Treat mattresses, especially tufts, folds and edges. Cover mattresses with outer sheets before use. Do not apply to other bedding articles. Also treat other areas where bed bugs may be harboring.

Outdoor Treatments

MOSQUITO CONTROL OUTDOORS: To control adult mosquitoes, use handheld, back-pack or truck mounted sprayers only. Not for use with truck mounted cold aerosol ULV sprayers, hand-held cold aerosol ULV sprayers or thermal fogging devices. Do not apply by aircraft. Do not apply through any kind of irrigation and/or lawn sprinkler systems. Use up to 150 gallons of diluted spray per acre. Treat shrubbery, vegetation and other areas where mosquitoes may rest. Shrubby and vegetation around stagnant pools, marshy areas, ponds and shorelines may be treated if applied as a wet spray. Direct application of this product to any body of water is prohibited.

IMPORTANT

Before using this product read and carefully observe directions, cautionary statements and other information appearing on the complete product label.

This bulletin must be in the possession of the user at time of pesticide application.
